

**FAQ – Master of Engineering International Students  
September 2, 2022**

**When my documentation is approved, should I come to Calgary?**

Yes. Once you arrive in Calgary, your courses will continue to be delivered online. However, you'll be able to form in-person study groups with your classmates. In addition, there will also be many extracurricular opportunities for you to connect in-person with your peers.

**What extracurricular activities are available?**

Roll up your sleeves and explore our [Maker Multiplex](#), sign up for a hackathon, participate in an esports event and much more.

**What classes will be offered online?**

The following courses are available for international MEng students participating remotely during fall 2022:

<b>Program</b>	<b>Fall Year 1</b>
Chemical Engineering	ENGG 682 ENGG 687 ENEN 603*
Petroleum Engineering	ENGG 682 ENGG 684 ENPE 625
Civil Engineering -Theme 1	ENGG 682** ENGG 684 ENGG 687
Civil Engineering -Theme 2	ENGG 682** ENGG 684 ENGG 687
Civil Engineering -PM	ENGG 682 ENGG 684 ENGG 687
Electrical Engineering	ENGG 682 ENGG 687

Environmental Engineering	ENEN 603* ENGG 682 ENGG 687
Geomatics Engineering	ENGG 684 ENGG 687 ENGO 451
Mech. Eng.-Mechatronics	ENGG 682 or ENGG 684 ENGG 687 ENME 631
Mech. Eng.-Aerospace	ENGG 682 or ENGG 684 ENGG 687 ENME 631
Mech. Eng.-Adv. Manu	ENGG 682 or ENGG 684 ENGG 687 ENME 631
Pipeline Engineering	ENME 624 ENME 632 ENME 634

**Legend**

\*This course requires synchronous participation at the scheduled class time (Mountain Standard Time)

\*\* This course is substituted for ENCI 602

**How many classes can I take? Is there a minimum and maximum amount?**

The recommended course load is five total courses in your first year and five total courses in your second year. If you are a full-time student, the calendar states that you need to enroll in six units (two courses) or more per term during each the fall and winter semesters. The recommended maximum course load per term is three courses.

**I plan to arrive a few days after the official start of classes. Can I still participate in-person?**

Yes, however ensure your instructor is aware of your arrival date. Please note that it is the student’s responsibility to catch up on lectures, course material, etc

### **Will taking courses online impact my program progression?**

No. All classes you take remotely will count towards your degree requirements and pre-requisites for future classes will be met.

### **I have already registered for my classes. Do I need to re-register to participate online?**

No. The MEng program office will take care of this for you. All the information you need will be housed in D2L.

### **I'll miss out orientation. Will another session be held?**

Yes. Additional orientation sessions are being planned for the fall semester. When you arrive, we will welcome you!

### **What are the add and drop date for courses?**

All important dates for the fall 2022 semester are listed in the UCalgary academic schedule found [here](#).

### **I have questions about staying in residence. Who can I contact?**

Any questions about UCalgary residence can be directed to [Residence Services](#).

### **I have questions. Who can I contact?**

All questions regarding the MEng program should be directed to: [meng@ucalgary.ca](mailto:meng@ucalgary.ca)
